Public water and sewer will serve the site. Discussion about building height, Traffic impact study, Conditional Use is required.

Mr. Mansfield made a **MOTION** the sketch plan generally conforms with Milford Ordinances Seconded by Mr. Courduff and passed.

Nichols Farm

*The Board of Supervisors of Milford Township at a public meeting held on Tuesday, January 2, 2018 voted to formally **APPROVE**, subject to the conditions set forth herein, Preliminary/Final Plans of Subdivision for certain premises located on Bauman Road, identified as TMP No. 23-002-136 (the "Property"). The application was made by Robert and Nancy Jane Nichol ("Owners") by Karen Rader, daughter of the Owners ("Applicant"). Preliminary/Final plans of subdivision for the Property were prepared by Mease Engineering, P.C. and consist of three (3) sheets, dated May 2, 2017 (the "Plans"). The Plans propose subdivision of the Property into three (3) lots. The Plans were approved subject to the following conditions, which have been accepted, by Applicant and Scott Mease, P.E. on behalf of the Owners.*

1. Prior to the recording of the Record Plans and the issuance of any building permits or commencement of any construction authorized by this approval, Applicant shall address to the satisfaction of the Township Engineer, all review comments of the Township Engineer contained in the review letter dated May 18, 2017, and any additional reviews resulting from the submission of revised Plans.

2. The Board notes that the Property is subject to an Agricultural Conservation Easement which is administered by the County of Bucks a, Co-Grantee of the Conservation Easement. By letter dated March 7, 2017, Rich Harvey, Administrator of the Bucks County Agricultural Land Preservation Program, stated that the proposed subdivision is permitted under the terms of the Agricultural Conservation Easement. Mr. Harvey further stated that the deed to Lot 1 must recite that no additional residential dwelling units are permitted on that lot.

3. Consistent with Mr. Harvey's determination, prior to the recording of the record Owners shall execute for recording, a Declaration of Covenants, Conditions and Restrictions noting that the Property is subject to an Agricultural Conservation Easement recorded in the Office of the Recorder of Deeds of Bucks County in Book 2005, page 0258, et sec., and providing that no additional residential dwelling units are permitted on Lot 1.

4. Prior to the recording of the Record Plans and the issuance of any building permits or commencement of any construction authorized by this approval, Owners shall execute for recording a Declaration of Covenants, Conditions and

Restrictions, prepared by the Township Solicitor prohibiting the disturbance or compaction of the Replacement Sewage Disposal System areas shown on the Plans.

5. *Prior to the issuance of any building permits or commencement of any construction authorized by this approval, Owners shall remove any obstructions within the right of way of Bauman Road deemed necessary by the Township Road Forman.*

6. *Prior to the issuance of a building permit for lots 2 and 3, the Owners of each lot shall contribute to the Township the sum of \$1,500.00 in lieu of providing recreation improvements.*

7. *Prior to the issuance of a building permit for lots 2 and 3, the Owners of each lot shall contribute to the Township Highway Improvement Fund the sum of \$1,850.00 in lieu of constructing frontage improvements along the Bauman Road frontage of the lots.*

8. *At the time of settlement on the sale of either lot 2 or 3, the Owners shall contribute the sum of \$10,000.00 to the Township in lieu of constructing those frontage improvements along Bauman Road, which are waived under paragraph 13 hereof.*

9. *Prior to the issuance of a building permit and the commencement of construction on either lots 2 or 3, the Owners of such lot shall provide satisfactory evidence to the Township that the Bucks County Conservation District has approved sedimentation and erosion control plans for the lot for which construction is proposed.*

10. *Prior to the recording of the Record Plans and the issuance of any building permits or commencement of any construction authorized by this approval, Applicant shall provide satisfactory evidence that the Pennsylvania Department of Environmental Protection ("DEP") has approved Planning Modules for this Land Development.*

11. *No topsoil shall be removed from the Property without prior written consent by the Township.*

12. *Prior to the recording of the Record Plans and the issuance of any building permits or commencement of any construction authorized by this approval, Applicant shall pay all costs incurred by the Township in the review of the Plans including engineering, legal and administrative costs.*

13. *Subject to compliance with the other conditions stated herein, and only if those conditions are complied with, the Board of Supervisors approved the following waivers from the requirements of the Milford Township Subdivision and Land Development Ordinance ("SALDO"):*

a. *Sections 505, 516(b), and 519 requiring roadway improvements, curbs and sidewalks along the Bauman Road frontage of the Property.*

b. Section 511(a)(1) to permit deferral of Bucks County Conservation District approval until a building permit application has been applied for as to each of lots 2 and 3.

c. Section 520 (a) requiring street trees.

d. Section 701(c) requiring the submission of an Existing Site Context Map.

e. Section 701(e) requiring submission of an Existing Resources and Site Analysis map.

f. Section 701(e)(2) requiring a plan showing all existing features within 400 feet of the Property.

g. Section 701(g) requiring a Preliminary Resource Impact and Conservation Plan.

The Board finds that the Record Plan and Natural Resources Plan provide sufficient information to evaluate the impacts of the subdivision on resources on the Property and in the surrounding neighborhood and for that reason, waives the SALDO requirements listed under sub-paragraphs d, e, f, and g hereof.

14. At the time the Record Plans are submitted, Applicant and/or Owners shall submit five (5) paper copies of the Record Plans, all fully executed by the appropriate entities in **BLACK INK. The Owners' Block and Notary Acknowledgement shall show the correct Owners(s) of record and that the Notary Public signs and seals (both stamp and embossed) on all copies of the Plans. All signature blocks shall appear in the same location on each page requiring signature. In addition, Applicant will provide the information contained on the Plans in digital format. The Township Engineer shall review the complete set of Plans and stamp them as construction sets, certifying that they have met the conditions for approval.**

Failure to appeal the conditions imposed by the Board of Supervisors within thirty (30) days of the date of this letter shall constitute acceptance of the conditions. Non-acceptance and/or non-compliance with the conditions recited above voids the Plan approval and the waivers granted by the Board of Supervisors and the Plan is denied due to the deficiencies noted in the Township Engineer's reviews referenced herein.

Mr. Mansfield made a **MOTION** to deny plans seconded by Mr. Courduff and passed.

Windy Springs

1. Within 30 days of the date of the issuance of a temporary occupancy permit for any of the improvements to be constructed on the lots created by this subdivision, Applicant shall remove the existing farm stand and any improvements related thereto from the area along John Fries Highway where they are currently located and cease operating any form of a farm stand along John Fries Highway. Under no circumstances, shall Applicants/Owners simultaneously operate any type of retail sales of farm products from both the new lot and from the farm stand area along John Fries Highway.

2. Concerning the Applicants' request to be permitted to install the site improvements without being required to post financial security, I note that the site improvements appear to be limited to stormwater facilities and the sidewalk along Progress Drive. Although the extent of the site improvements is relatively minor, they do include stormwater facilities that are BMPs, including a parking lot infiltrator, rain garden and rooftop infiltrator. The Board is concerned that these site improvements are installed properly and continue to function into the future according to their design following their installation. To this end, the Board is amenable to permitting the Applicants to install the improvements before the Plans are recorded subject to the following:

The lots created by this subdivision shall not be transferred in any fashion until the Subdivision Plans are recorded.

The Applicants shall enter into a Minor Land Development Agreement (the "Agreement") to include requiring the deposit of the sum of \$20,000.00 as a cash escrow to cover engineering, inspection and legal costs incurred to inspect the improvements and to compel compliance with the Plans if the improvements are not properly installed.

The Agreement shall require certification by the Township Engineer that the site improvements have been properly installed and are complete. Upon such certification, Applicants shall deposit financial security in a form approved by the Township Solicitor in the amount of 15% of the Township Engineer's estimate of the cost of constructing the site improvements. The financial security shall be held for a period of 18 months following the completion of the site improvements and the posting of the financial security and be subject to an agreement permitting the Township to draw down the financial security to correct any defects in the construction of the site improvements not remedied within 30 days of the date notice is given to correct same.

In addition, the Agreement shall impose the conditions stated under paragraph 1 above concerning the removal of the farm stand located on John Fries Highway and provide for payment of a penalty in the amount of \$100.00 per day if the farm stand is not abandoned within 30 days of the issuance of a temporary occupancy permit for the improvements to be built in connection with the Subdivision Approval. The amount of any penalty can be deducted from the financial security held by the Township.

Mr. Mansfield made a **MOTION** approving the Conditional final approval seconded by Mr. Courduff and passed.

Public Comments:

Reports

Code Enforcement Report

In January 2018, six permits were issued, 14 Use & Occupancy and one Zoning Hearing

Public Works Report

The Public Works had a busy month with small snowstorms, we went out to salt 8 times and 1 time to plow along with a day and a half plowing drifts from high winds. All the ash trees that were marked for removal at camp cedar hill are finally down and removed. We filled the skate pond at Unami Park. We have been out patching potholes throughout the township. The pole relocations for the Mill Road project have been called in to both PP&L and Verizon. We have been making wood duck boxes to put up on the open space at the former Dick Rosenberger property and kestrel hawk boxes on the Blough farm property

Parkside and Willow Stream project Dave Winkler presented the board with four options for the cost of repairing these two roads. Parkside built in 2005 20,000 square yards and Willow Stream Drive built in 1991 18,000 square yards. Mr. Winkler recommendation is the Nova chip it lasts twice as long.

Mr. Mansfield made a **MOTION** approving Nova Chip (3/4" hot mix) 15 year life, 38,000 square yards @ \$6.00 per square yard with a cost of \$228,000 motion seconded by Mr. Courduff and passed.

Managers Report

Resolution 2018-11 Nichols subdivision planning module Mr. Mansfield made a **MOTION** approving the submittal to DEP seconded by Mr. Courduff and passed.

The Red Cross has requested the use of the township building to hold their blood drive and to waive the fee. The Blood Drive is set for May 25, 2018

Mr. Mansfield made a **MOTION** to waive the fee for the Red Cross Blood Drive motion was seconded by Mr. Courduff and passed.

Wonsidler Rentals (tractor Bldg.) Mr. Mansfield stated he is no a fan of renting the building Mr. Strunk and Mr. Courduff would like to advertise for rental.

Mr. Mansfield made a **MOTION** to authorize to advertise, seconded by Mr. Courduff and passed.

Crossings HOA agreement Terry Clemons presented a draft, which was discussed. Mr. Clemons was instructed to prepare final agreement.

1520 Fennel Road drainage issues – Kevin Wolfinger is resident who addressed his concerns with the board, Mr. Mansfield advised the township would check into the matter.

Mr. Strunk requested Mr. Vey and Mr. Roth to check with Verizon to see if we can get Wi-Fi to the old school house, they are doing a cataloging project and need access.

Land Development

St Luke’s Hospital –Phase 1 and 2 revisions. Mr. Strunk made a **MOTION** approving an amendment of the Conditional Preliminary/Final Land Development Plan Approval (dated August 14, 2017 and as revised September 5, 2017) and related Conditional Use Decision (dated September 6, 2017) (collectively the “Approvals”) for certain premises located at John Fries Highway, identified as TMP No. 23-015-115-003. The amendments shall be as follows:

1. *The “Current Traffic Improvements”, as previously shown on the “Current Traffic Improvements Plan” and respectively described in the Approvals, shall be revised to be as follows:*
 - *Construct St. Luke's Drive/663 intersection per Langan HOP plan dated 3/1/18;*
 - *Reconstruct Portzer/663 Intersection per Langan HOP plan dated 3/1/18;*
 - *Construct St. Luke's Drive;*
 - *Widen/Reconstruct Portzer Road per Langan HOP plan dated 3/1/18;*

- *Install new traffic signal at St. Luke's Drive;*
 - *Interconnect St. Luke's and Portzer signal via fiber optic cable;*
 - *Coordinate controllers at Portzer, St. Luke's and Commerce via radio;*
 - *Construction of Mill Hill Extension westerly from Portzer Road to first intersecting internal driveway.*
2. *The "Future Build-Out Traffic Improvements" as respectively defined in the Approvals shall be revised to be as follows:*
- *Widen 663 from Sec. 9/9A boundary to Portzer Rd (Langan HOP 3/1/18)*
 - *Construct Mill Hill Extension from above-referenced terminus to Section 9/9A boundary.*
3. *Condition 8 of the above-referenced Conditional Use Decision and Condition 7 of the above-referenced Land Development Approval shall be deleted and restated as follows:*

Subject to PennDot's and other outside agencies whose approval is required, which approvals shall be diligently pursued by St. Luke's, construction of the Future Build-Out Traffic Improvements shall be coordinated with the construction of other road widening improvements between Commerce Boulevard and the Hospital entrance (except for the Current Traffic Improvements). In the event construction of the Future Build-Out Traffic Improvements has not commenced within three years of this date of the amended approval, the Board of Supervisors shall have the right to require construction to commence upon ninety days written notice, subject to the above-referenced approvals.

4. *Condition 11 of the above-referenced Conditional Use Decision and Condition 9 of the above-referenced Land Development Approval shall be deleted and restated as follows:*

Upon PennDOT's approval of applications, permits or authorizations for the installation of Traffic Adaptive Signal Controls, Applicant shall install Traffic Adaptive Signal Controls to control the traffic signals at Commerce Drive, St. Luke's Drive and Portzer Road intersections with Route 663. The master controller shall be capable of extending the traffic

controls west to Route 663 through the intersection of Route 663 and Spinnerstown Road to west and Route 309 to the east.

All other provisions of the Conditional Use Decision and the Land Development Approval shall remain in full force and effect. Motion seconded by Mr. Courduff and passed

Genova – subdivision TMP 23-007-097 **Tabled**

Williams/Roth – subdivision **Tabled**

Solicitation Ordinance- 170 AN ORDINANCE REGULATING SOLICITING AND PEDDLING WITHIN THE TOWNSHIP OF MILFORD, BUCKS COUNTY, PENNSYLVANIA, REQUIRING SOLICITORS AND PEDDLERS TO OBTAIN LICENSES, ESTABLISHING LICENSE FEES, PROVIDING FOR THE ENFORCEMENT THEREOF, AND PENALTIES FOR VIOLATIONS THEREOF.

BE IT ORDAINED and ENACTED by the Board of Supervisors of Milford Township, Bucks County, and it is hereby ORDAINED and ENACTED as follows:

SECTION 1. Definition

(a) “Soliciting” shall mean the seeking or taking of contracts or orders for any goods, wares, services, or merchandise for future delivery upon any of the streets or sidewalks; or from house to house; or by visitation to private residences; or by entering in or upon private property within the Township of Milford, and shall further mean the seeking or taking of contracts or orders for home or other building repairs; improvement and alterations.

(b) “Peddling” shall mean the selling or offering for sale of any goods, wares, services, or merchandise for immediate delivery which the person selling or offering for sale carries with him in traveling, or has in his possession or control, upon any of the streets or sidewalks; or from house to house; or by visitation to private residences, or by entering in or upon private property within said Township.

(c) “Person” shall mean any natural person, association, partnership, firm, organization or corporation.

SECTION 2. Prohibitions

No Person shall engage in soliciting or peddling as defined herein within Milford Township without having first obtained a license as herein provided.

SECTION 3. Licensing

(a) Every person desiring to engage in soliciting or peddling in Milford Township shall first make application to the Township for a license. The said application shall be upon a form provided by the Township and shall contain at least the following information verified by oath or affirmation.

1. Full name and address of the applicant.
2. Name of employer or a statement that such applicant is self-employed.
3. The nature of the goods, wares, services or merchandise offered for sale and the manner in which it will be offered.
4. A statement as to whether or not the applicant has ever been convicted of any crime, and if the answer is in the affirmative, the nature of the offense or offenses.
5. Associations, partnerships, firms, organization or corporations shall provide proof of general comprehensive liability policy with limits of no less than \$1 million combined single limit coverage issued by an insurer licensed to do business in Pennsylvania and which names Milford Township as an additional insured.

(b) An individual application and license shall be required for each solicitor or peddler. No license under this Ordinance shall be transferable from one person to another.

(c) No license shall be issued until at least fifteen (15) days after the date for which application for a license is made to the Township.

SECTION 4. Exemptions

(a) The following persons are exempted from the licensing requirements of this chapter:

1. Persons soliciting contributions on behalf of organizations or nonprofit corporations or a political entity for the purpose of political canvassing.
2. Persons who have been licensed by the Commonwealth of Pennsylvania to engage in soliciting or peddling, including, but not limited to, real estate, insurance or securities brokers and salespeople.
3. Candidates for political office or persons on their behalf soliciting funds.
4. Authorized persons, carrying satisfactory identification, engaged in making surveys or collecting information for the federal, state, county, or Milford Township government or any agency thereof. Also exempt shall be authorized persons, carrying satisfactory identification, engaged in making surveys or collecting information for any bona fide educational or quasi-governmental agency, if such activity has previously been approved by the Milford Township Board of Supervisors.

SECTION 5. Fee

No license shall be issued under this Ordinance until an application fee is paid to the Township. The application fee shall be set by Resolution of the Board of Supervisors. A separate application shall be made and fee shall be paid by each person who shall actually conduct the soliciting or peddling.

SECTION 6. License

A license granted pursuant to this Ordinance shall be valid for three months after the date of issuance of such license. If the person holding a license desires to continue soliciting or peddling upon expiration of a license they shall be required to file a new application for a license and pay a new license fee.

SECTION 7. Rules of Conduct

(a) Every person who conducts soliciting or peddling as defined herein shall, in the carrying on of his/her soliciting or peddling in the Township, comply with the following rules of conduct:

1. He/She shall carry his/her license which shall contain a photo of the licensee; shall be visible at all times when soliciting and shall be presented upon request to any police officer, township employee or any person upon whom he/she shall call or with whom he/she shall talk in carrying on his/her licensed activities.

2. He/She shall not permit any other person to have possession of his/her license and shall immediately report its loss to Police Department and Milford Township. He/She shall not cause or permit his/her license to be altered or defaced.
3. He/She shall not enter or attempt to enter any dwelling house without invitation or permission of the occupant and shall immediately leave any premises upon request.
4. He/She shall not represent his/her license to be an endorsement of himself/herself or of his/her goods or services or of the goods or services of his/her principal employer.
5. He/She shall peddle or solicit only between the hours of 9:00 a.m. and 5:00 p.m. Monday through Friday unless specifically having been invited to a house by the occupant or having made an appointment with such person previously; provided, however, that ice cream trucks and peddlers engaged in similar activity shall be permitted to operate until dusk, which, for the purposes of this subsection, is hereby defined as occurring 1/2 hour after sunset.
6. He/She shall comply with "No Soliciting" notices on any property or business in the Township.
7. In an effort to ensure pedestrian safety and maintain the efficient flow of traffic, no person, firm, or corporation shall distribute flyers or solicit funds in any manner, on any roadway, medial barrier, berm, shoulder, or traffic way within Milford Township.

SECTION 8. Suspension or Revocation of Licenses

Any license issued under this Ordinance may be suspended or revoked at any time by the Township upon proof being furnished to the Township that the Application for the license contained false information or that the applicant or licensee was convicted of a crime involving moral turpitude after the issuance of such license.

SECTION 9. Violations and Penalties

Any person who shall violate any of the provisions of this Ordinance shall be guilty of a summary offense and upon conviction thereof, shall be sentenced to pay a fine of not more than Three Hundred (\$300.00) Dollars, and costs of prosecution for each and every offense, or in default of the payment of such fine and costs, to undergo imprisonment in the Bucks County Prison for a period of not more than 30 days, for each violation.

SECTION 10. Repealer

All inconsistent provisions of all other Ordinances and Resolutions of Milford Township, Bucks County, Pennsylvania are hereby repealed to the extent of the

inconsistency. All other provisions of the Ordinances and Resolutions of Milford Township, Bucks County, Pennsylvania shall remain in full force and effect.

SECTION 11. Severability

The provisions of this Ordinance are declared to be severable. If any provision of this Ordinance is declared to be invalid or unconstitutional by a court of competent jurisdiction, such determination shall have no effect on the remaining provisions of this Ordinance.

Section 12. Effective Date.

This Ordinance shall take effect five (5) days from the date of enactment by the Milford Township Board of Supervisors.

Charles Strunk made a **MOTION** to approve Ordinance 170 seconded by Mr. Courduff and passed.

Land Development

Genova – subdivision TMP 23-007-097 - Engineer Scott Mease along with the homeowner Mrs. Genova. Discussions about the Bog Turtle hit, the conservation easement on 10 acres, Zoning issues addressed in Andersen Engineering letter. Mr. Vey suggested Mrs. Genova contact him for further discussion.

Williams/Roth – 8 lot subdivision Allentown Road - Scott Mease engineer advised the board this project is still on the table and will be moving forward in the next few months.

Public Comments: Gary Bender of Sleepy Hollow Road asked to board if someone can check the 2 lots on Keiper Road he has excess water runoff on his property. Mr. Bender also asked the board about the Milford Middle school, he know someone who may have an interest in purchasing the property from the school.

Reports

Code Enforcement Report

In April 2018, 36 permits were issued, 21 Use & Occupancy 0 Fire Inspections

Public Works Report

The Public Works department began the month with 8 days of skin patching, oil and chipping all of Fels Road and Sleepy Hollow Road from Pfaff School to Miller Road. We repaired a section of the roadway on Angstadt Road where an old raceway ran under the road and the roadway had settled. We removed 2 large trees that fell across the down streamside of the bridge on Weiss Road and was causing the road to flood. The fill area on the Bough property is all ready and we had a meeting with the conservation district for their approval. Mill Road project we removed a tree and a large bush where Verizon will be relocating their 2 poles and PP&L did the PA-one call for their pole.

Milford Township Area Sewer Authority

Joe Valentine reported there was an EDU approved for Kumry Road. There were no operational issues for the month of May.

Park Board

There was discussion on the replacement of the equipment for the 2-5 year old age group, which has been removed due to age. The park board is asking supervisors to

approve the purchase of a set which would be purchased from Game time called the “Rumbler” Mr. Mansfield made a **MOTION** approving the purchase seconded by Mr. Courduff and passed.

Other business discussed was the splash pad for Molasses Creek Park Mr. Vey provided an update; Mr. Vey indicated it would be delayed until spring of 2019.

Conditional Use Hearing

Life Quest – to amend the Master Plan adjusting the boundary between sections 9 and 9A

Mr. Clemons opened hearing at 7:25 pm

Mr. Markward address the board, he discussed the new boundary between the two sections. Hearing was closed at 8:45 pm. The hearing was continued to August 7 for a decision. Terry Clemons will draft the conditions of approval to be presented at the August meeting.

Quaker Pointe Hotel TMP 23-010-021-001 Mr. Melham engineer for hotel (Homes 2 suites) discussion were around the parking spaces that are spit between the gas station and the property of the hotel. The hearing was continued to August 7 for a decision. Terry Clemons will draft the conditions of approval to be presented at the August meeting.

Land Development

Quaker Pointe TMP 23-010-021-001 TABLED

Marolla/Keyes

Fennel Road (Township Open Space) Tabled to August 2018 meeting

Stream Crossing 23-021-043 (9) lots on Trumbauersville Road

This subdivision was previously approved. Brooke Development is considering purchasing it. And is inquiring if the board would be amenable to the idea of having the road and the open space be privately owned and maintained by the homeowners Association. The board would like additional information on the details before making a decision

Stanford 23-007-174 (4) lots on Fels Road

Mr./ Stanford and his engineer, Scott Mease proposed a potential 4 lot subdivision for family members of approximately 22 acres on Fels Road. The subdivision would be a single family cluster that allows smaller lots if there is considerable open space. The board indicated that utilizing cluster provisions would require the open space to be permanently preserved as a separate lot and not be easements on privately owned lots. Mr. Stanford indicated the intent to do this and have the open space owned by a Homeowners' Association. The subdivision can be done using lane lots and frontage lots each with their own long driveways or with shared driveways. Mr. Stanford indicated a willingness to build a private street to public road standards that would be maintained by the Homeowners' Association. Mr. Strunk stated he is not in favor of using a private street.

Pierson Construction/ PATurnpike construction yard

Mr. Rob Baccala (Pierson Construction) presented a conceptual proposal to utilize Turnpike Property immediately east of the tollbooths as a construction yard for turnpike construction activities including an asphalt plant. The Board of Supervisors indicated a willingness to consider this as a temporary use that would require periodic review by the Zoning Hearing Board and noted that the property is zoned PI - Planned Industrial permitting the proposed use. The Board expressed concern regarding how the site would be accessed and what impacts would be imposed on the community. Mr. Moskal stated that he can hear back-up beeping during the night from Turnpike vehicles. Mr. Baccala said that night time operations are not contemplated, but if they occur the back-up beeping can be disabled and replaced with OSHA compliant strobes.

Open Space Acquisition

Authorization to acquire Open Space Mr. Strunk made a **MOTION** to approve **resolution 2018-23** authorizing the acquisition of the Peters Estate (located at the Southeast corner of Allentown Road and John Fries Highway) TMP 23-010-123-002 motion seconded by Mr. Courduff and passed

Escrow Release

Mr. Strunk made a **MOTION** to approve **Resolution 2018-22** Release #1 in the amount of \$96,535.80 and Release # 2 in the amount \$96,635.03 for McDonalds leaving a balance of \$259,216.55 seconded by Mr. Courduff and passed.

Upper Bucks Chamber of Commerce, Melinda Rizzo discussed with the board if they had an interest in teaming up with four other municipalities to place ads in the chamber paper. The cost would be \$990.00 a year. Mr. Courduff made a **MOTION** to place ads in the paper seconded by Mr. Strunk and passed.

Public Comments:

Resident inquired about the closure of Nursery Road Bridge, Board advised he should contact the County Commissioner. The township did not do the closure.

Fire Chief Keith Butler, reported on last month's assists in the township.

Managers Report

Willow Stream request waiver for rental fee, Mr. Mansfield made a **MOTION** to waive the fee and Mr. Courduff seconded the motion and passed.

Pennsylvania Turnpike Commission (PTC)

The PTC proposes having the portion of Doerr Road, where it parallels the turnpike, vacated from Kumry Rd to the Schmoutz Creek. This vacation of road would enable Turnpike widening.

Marc Bonner of SAI Consulting Engineers and Kevin Scheurich of the Turnpike Commission presented the project to widen the existing four-lane highway to six 12-foot lanes. The closure of Doerr Road is motivated by the presence of significant wetlands where moving the road to the west would have extensive impact. The PTC has acquired property (approx. 14.6 acres) formerly owned by Lederer and has designed stormwater management facilities that also anticipate closure.

Residents asked about sound barriers, if the turnpike could move wetlands, impact on property values, water and drainage issues that could potentially impact wells, and the closure of a throughway from Canary Road to Kumry Road. Views were expressed that the turnpike project would devalue property closure would make the area more secluded from pass-by traffic.

The PTC stated that studies that consider population density and sound levels and the requirement for sound barriers would not be met for this location. Mr. Bonner said there are plans to include improvements to the existing intersection of Canary and Kumry Road to enable an alternate route for through traffic to and from the Finland area. Fire Chief Keith Butler noted that normal response from the first due Trumbauersville Fire Company and Station 75 uses Doerr Rd from the south and would be unchanged with closure of Doerr Road. He said it may be possible that closure could slow the response time for some emergency vehicles depending on weight coming from Station 57. The PTC emphasized that their proposal is driven by the presence of wetlands to the west.

Conditional Use Hearing

Life Quest – Conditional Use - Mr. Courduff made a **MOTION** to approve findings in fact, to post financial security and require land development prior to recording

sections 6,7, 8 & 9 seconded by Mr. Strunk, Mr. Mansfield opposed. Quaker Pointe Hotel Time extension was granted to November 7, 2018

Land Development

Windy Springs/Gambone – two-lot subdivision Weiss Rd & 663- Modifications to existing approval for a 2 lot subdivision. Gambone agreed to pay \$30,000 in lieu of building Progress Drive as required with the next subdivision under the previous approval. Windy Springs will post an escrow for engineering and legal fees and install public improvements before land development approval of their produce stand. Conditions of previous approval are carried over. The Moods will apply for a Highway Occupancy permit for the existing farm stand located on John Fries Highway. Mr. Mansfield field made a MOTION approving with conditions set forth in letter of approval seconded by Mr. Courduff and passed.

In August 2018, 36 permits were issued, 12 Use & Occupancy 0 Fire Inspections 3 Zoning Hearing.

Public Works Report

The public works department had a very busy month we finished grading the base on Mill Road and P K Moyer laid 780 tons of BCBC and 540 tons of ID-2 wearing and we opened the road on Friday the 31st. We still have the driveway tie-ins and the topsoil work to do. The heavy rainstorm on August 11th did damage to Weiss, Bauman, Brick Tavern, Mill Pond, Cassel, Beechwood Acres,

Wieand and Myers roads. We have everything repaired except for Wieand and some minor concrete work at Beechwood Acres.

Milford Township Area Sewer Authority

Joe Valentine provided authority update.

Milford Township Fire Company

Fire Chief Keith Butler, reported on last month's assists in the township, the flooding increased the call volume

Managers Report

Authorization to acquire Open Space **Resolution 2018-26** Mr. Strunk made a **MOTION** authorizing the acquisition of TMP 23-021-042 18.7 acres and TMP 45-003-038 .553 acres in the borough of Trumbauersville motion seconded by Mr. Courduff and passed

Resolution 2018-27 Mr. Courduff made a **MOTION** authorizing the participation in the RACP (Redevelopment Assistance Capital Program) for St Luke's hospital seconded by Mr. Strunk and passed.

MS4-Pollution Reduction Plan

Cheryleen Strothers of Cowan Associates presented to the board the Pollution Reduction Plan for Milford Township, which will be submitted, to DEP. The overview is for stream restoration, the majority of the stormwater runoff for the Townships drains towards the Unami Creek. A large portion of the runoff from the urbanized area of the Township is collected in several tributaries that flow to the Unaami Creek. The determination is about 2000 linear foot stream bank restoration is needed. Mr. Courduff made a **MOTION** authorizing the Notice Of Intent to file, be done by Cowan Associates seconded by Mr. Strunk and passed.

Land Development

Stanford 2-lot and lot line change 23-007-174. The parcel is 22 acres on Canary Road. The board is ok with Mr. Stanford moving forward with his plans, he will submit to planning commission.

1907 John Fries Highway John & Debra **Hennings** TMP 23-010-0021-006
The Planning Commission's recommendation is that the lot is not in conformance and needs a Variance and Conditional Use. Mr. Strunk made a **MOTION** plan is not in conformance with the Milford Township Comprehensive Plan, Zoning Ordinance and Subdivision and Land Development Plan motion seconded by Mr. Courduff and passed.

Bauman TMP 23-002-161 located on Bauman Road, An agreement to convey land, which is in the Act 319 program. The total acreage is 2.74 to be conveyed; the agreement states 2 acres conveyed in 2018 and the remainder in 2019. Mr. Courduff made a **MOTION** approving the executed agreement seconded by Mr. Strunk and passed.

W-4 Holdings TMP 23-020-078 2 lot subdivision on Upper Ridge Road

Mr. Courduff made a **MOTION** approving the 2-lot subdivision with conditions as set forth seconded by Mr. Strunk and passed.

The legal owner of the Property is W-4 Holdings LP ("Owner/Developer"). The Final Plans of the Minor Subdivision of the Property were prepared by Irick, Eberhardt & Mientus and consist of two (2) sheets, dated June 27, 2018 (the "Plans"). The Plans propose the creation of two (2) lots on the Property. There is no construction proposed at this time. The Plans were approved subject to the following conditions which were accepted at the September 4, 2018, Board of Supervisors meeting:

- 1. Prior to the recording of the Record Plans, Owner/Developer will address all outstanding engineer comments contained in the review of Andersen Engineering Associates, Inc. dated July 11, 2018 and all subsequent review letters, to the satisfaction of the Township Engineer.*
- 2. The Board of Supervisors approved a waiver from the following provisions of the Milford Township Subdivision and Land Development Ordinance ("SALDO"):*
 - a. Sections 505, 516 and 519, requiring road widening, curbs and sidewalks;*
 - b. Section 520a, requiring street trees along the frontage of the Property, conditioned upon the Owner/Developer installing street trees in areas along the portion of the frontage of the Property that does not currently have adequate vegetation;*
 - c. Section 701.e., requiring an existing resources and site analysis plan;*
 - d. Section 701.c., requiring a map showing the location of the proposed subdivision within its neighborhood context at a scale of not less than 100'.*

4. Prior to the Recording of the Record Plans, Owners/Developers shall execute a Deed of Dedication, in a form prepared by the Township Solicitor, dedicating to Milford Township the area along Upper Ridge Road frontage of the Property within the ultimate

right-of-way. At the time of the recording of the Record Plans, said conveyance shall be made free and clear of all mortgages, liens or other encumbrances such that title is marketable and insurable by a reputable title insurance company at ordinary rates. Additionally, at the time the Deed is recorded, Owner shall provide satisfactory evidence that the said property continues to be free and clear of mortgages, liens and encumbrances. The Deed shall be recorded prior to or simultaneously with the recording of the Record Plans.

5. Prior to the recording of the record Plans, the Owners/Developers shall execute a Declaration of Covenants, Conditions, Easements and Restrictions, in a form prepared by the Township Solicitor and delineated in a manner deemed acceptable by the Township Engineer, providing for such terms and conditions as are deemed appropriate by the Board of Supervisors including but not limited to the following:

- a. imposing upon the Declarant, its heirs, successor and assigns, the obligation to provide open space as required by the Township's Ordinances should any further subdivision of either lot occur; and*
- b. imposing upon the Declarant, its heirs, successor and assigns, the obligation to maintain a reserve septic system area as depicted on the plans, such that the area depicted remains unimproved and undisturbed.*

The Declaration shall contain such other terms and provisions as are deemed necessary by the Board of Supervisors to give effect to the Declaration including provisions to permit the Township, the right to enter onto the Property to fulfill the owner's obligations if the same are not met by the owner and that the Township shall have a municipal lien on the Property in the event costs are incurred by the Township for the performance of the obligations as provided in the Declaration of the owner of the Property and the same remains unpaid after notice to the owner to pay same. The Declaration shall be recorded simultaneously with the recording of the Record Plan.

6. In lieu of providing recreational improvements, Owners/Developers shall contribute to the Township the sum of one thousand, five hundred (\$1,500.00) dollars per new lot, which shall be contributed before the issuance of the building permit. The total amount of the contribution shall be one thousand, five hundred (\$1,500.00) dollars.

7. In lieu of performing a Transportation Impact Study, the Owners/Developers shall contribute to the Township the sum of one thousand eight hundred and fifty (\$1,850.00) dollars per new lot, which shall be contributed before the issuance of the building permit. The total amount of the contribution shall be one thousand eight hundred and fifty (\$1,850.00) dollars.

8. Prior to the recording of the Record Plans, Owners/Developers will provide the Township with the following:

- a. satisfactory evidence that the Department of Environmental Protection has approved the sewage facilities planning modules for the Property; and*

b. *satisfactory evidence that SALDO required concrete monuments were installed or adequate financial security to assure their installation shall be deposited with the Township and an escrow agreement executed to assure their installation by a date certain.*

9. *Prior to the issuance of a building permit, Owners/Developers will provide the Township with satisfactory evidence from the Bucks County Conservation District (the "BCCD") approving the Plans for all areas within its jurisdiction, including without limitation the proposed temporary erosion and sedimentation control measures to be used during construction. The Plans shall be revised to include any requirements of the BCCD to the satisfaction of the Board of Supervisors and the Township Engineer.*

10. *All utilities extended to the lots in this subdivision whether within a public right-of-way or across the property shall be extended underground.*

11. *Prior to the recording of the Record Plans, Owners/Developers will pay all costs incurred by the Township in the review of this application including engineering, legal and administrative costs.*

12. *At the time record Plans are submitted, Owners/Developers will submit seven (7) paper copies of the Record Plans, all fully executed by the appropriate entities in **BLACK INK**. The Owner's Block and Notary Acknowledgement shall show the correct owner(s) of record and that the Notary Public signs and seals (both stamp and embossed) on copies of the Plans. All signature blocks shall appear in the same location on each page requiring signature. In addition, Owners/Developers will provide the information contained on the Plans in digital format. The Township Engineer shall review the complete set of Plans and stamp them as construction sets, certifying that they have met the conditions for approval.*

Failure to appeal the conditions imposed by the Board of Supervisors within thirty (30) days of the date of this letter shall constitute acceptance of the conditions. Non-acceptance and/or non-compliance with the conditions recited above voids the Plan approval and the waivers granted by the Board of Supervisors and the Plan is denied due to the deficiencies noted in the Township Engineer's review of July 11, 2018.

Escrow Release

Mr. Courduff made a **MOTION** to approve **Resolution 2018- 28** Release CAW Acquisitions LLC for property location 2095 Keiper Road in the amount of \$543.86 seconded by Mr. Strunk and passed.

Mr. Courduff made a **MOTION** to table the release till next month seconded by Mr. Strunk and passed.

Financial Security Agreement

LifeQuest land development and financial security agreement. Mr. Courduff made a **MOTION** to approve the land development and financial security agreement for LifeQuest motion seconded by Mr. Strunk and passed.

Public Comments:

Mr. Flack resident on Mill Hill Road brought to the board the traffic on Mill Hill Road.

Adjournment: Mr. Strunk adjourned the September 4, 2018 regular meeting at 9:15 p.m.

Call to Order: Chairman Robert Mansfield called Meeting to Order at 7:00 p.m. at the Milford Township Municipal Building

Supervisors Present: Robert Mansfield Chairman Charles Strunk Vice-Chairman, Thomas Courduff Supervisor

Attendance: Jeff Vey Township Manager, Marilyn Stecker Secretary Treasurer, Public Works Director Dave Winkler Solicitor Scott McNair, Engineer Pete Andersen and Audience: 26.

Approval of Minutes of Previous Meeting

Mr. Strunk made a **MOTION** to approve the minutes from September 4, 2018. Motion was seconded by Mr. Courduff and passed.

Approval of Treasurer's Report and Invoices for Payment

Having reviewed the invoice list Mr. Strunk made a **MOTION** to approve the invoices for payment and Treasurer's report as submitted. Motion was seconded by Mr. Courduff and passed.

Announcements

Milford Township Zoning Hearing Board will meet on October 9th to hear the following:

Application of **Richardson** for a Variance of section (s) 404.H2, to allow the construction of a pole barn with a rear setback of 65 feet where 100 feet is required. Barn to be over 22 Feet in height were 18 feet is allowed, and Interpretation of Section 209 due to being over 1000 Square feet

Located at 1791 Canary Rd. TMP# 23-001-108 in the RA Zoning district.

Application of **McDonalds USA LLC** for a Variance under section 907.a, 908.a, 912.a.1.a, and 912.a.1.b to allow changes to their proposed sign packages and to their freestanding sign options. Located at 1900 John Fries Hwy. TMP# 23-010-019 in the PC Zoning district

Mr. Mansfield made a **MOTION** to appoint Christian Haberle as alternate to the Zoning Hearing Board seconded by Mr. Courduff and passed.

Reports

Code Enforcement Report

In September 2018, 30 permits were issued, 19 Use & Occupancy 0 Fire Inspections 2 Zoning Hearing.

Public Works Report

The public works department along with PK Moyer finished the driveway tie-ins, topsoil and seeding and installing mailboxes on the road project. We spent a total of 45 days on this project. We removed large dead ash trees on Heiter Road and completed removing old roadway and installed new base at Parkview Drive.

Milford Township Area Sewer Authority

Joe Valentine provided authority update. No new applications for EDU'S, the generator replacement is complete and up and running. Right of way work has stopped for the year unless the weather gets cold and the work can resume.

Milford Township Fire Company

Fire Chief Keith Butler, reported on last month's assists in the township, October is Fire Prevention Month, October 6, 2018 is open house.

Agricultural Security Area Advisory Committee

The committee noted the success of this year's Ag Daze and set the date for next year as September 7. There was review of the Natural Lands Trust Stewardship Plan, most notably, the inventory, type of soils, and hazard identification. Mr. Weisel led the discussion regarding the leasing of Agriculture Lands owned by Milford Township. Topics included crop rotation, maintaining hay fields versus crops, difficulties in turning crop fields back into hay/pasture, especially if field corn was the last crop. At this time, the Lease Committee will continue to assemble the total available agricultural land to be leased working with Mr. Roth.

Mr. Courduff reported that Clifford David can make a presentation regarding Conservation Economics regarding open space. Jon Roth, Land Stewardship Manager for Milford reported on a tree inventory noting that the emerald ash borer (EAB) has done extensive damage posing a threat to vehicular and pedestrian traffic. Mr. Roth anticipates Land Stewardship Programs in Milford's future.

Due to a conflict, October's meeting is cancelled and November's will be rescheduled based on meeting room availability.

Managers Report

Mr. Vey advised the board that the preliminary budget will be submitted at the November 7th meeting.

Doerr Road Vacation.

The board approved the following letter to be sent to Doerr Road residents after ascertaining that the PA Turnpike Commission is willing to cooperate regarding emergency access.

The Milford Township Board of Supervisors, along with many of you who attended, heard the request of the Pennsylvania Turnpike Commission (PTC) to close the northern portion of Doerr Road necessitated by extensive adjacent wetlands to the west.

Property Valuation

Concern was expressed that the widening of the turnpike would have a negative effect on property values and the PTC was asked if property owners would be compensated. All property value matters must be handled directly by the PTC using standard procedures that can not be changed by the township.

Sound Barriers

The installation of sound barriers is governed by uniform standards that must be used along the entirety of the turnpike-widening project. It does not appear that sound barriers can be warranted under this procedure. The township is seeking to obtain planting easements to enable the township to plant evergreen trees to help mitigate the existing and future sound.

Water Quality

The effect of the widening on ground water quality was discussed pointing to salt used during winter operations as is used by all road departments in this area. The township is considering finding three cooperative landowners with wells closest to the turnpike to test water quality and establish a baseline to the north, central and southern areas. Testing would be done before and during construction then annually for a period of at least three years at which time results will determine if action is needed or testing by the township should be continued.

Emergency Access

The effect of road closure on emergency access was considered. The first due responder is Trumbauersville Fire Company. The emergency response is from the south and would not be affected by closing the northern access. The subsequent response is Milford Township Fire Company from Station 75 at Kumry Rd and Rt. 663. Their response uses Canary Rd to Doerr Rd from the south and would not be affected by closing the northern access.

The main concern of this Board is that there would be a single means of access that could be blocked during severe weather events such as Hurricane Sandy. The township is exploring the possibility of attaining emergency access directly from the turnpike that would enable emergency vehicles to respond to your neighborhood.

Open Space Acquisition

Authorization to acquire Open Space **Resolution 2018-29** Mr. Mansfield made a **MOTION** authorizing the acquisition of TMP 23-011-021,23-011-022 and 23-011-023 motion seconded by Mr. Courduff and passed

Open Space Bond – Ordinance 171

Jamie Schlesinger and Hank Van Blunt addressed the board – A General Obligation Bond will be auctioned with the proceeds to be applied to retire an existing debt. The new bond issue will lock in lower interest rates and make the payment schedule more regular. This Parameters Ordinance allows PFM to sell the bonds by identifying allowable limits. All the requirements of advertising have been done. Mr. Mansfield made a **MOTION** to approve Ordinance 171 Parameter Open Space seconded by Mr. Courduff and passed.

Land Developments

Whitebread (2) lot subdivision on Bauman Road TMP 23-002-151 Mr. Mansfield made a MOTION to approve the subdivision with conditions as set forth in solicitors letter and also requiring removal of the debris prior to occupancy, seconded by Mr. Courduff and passed.

The Board of Supervisors of Milford Township at a public meeting held on Tuesday, October 2, 2018, voted to APPROVE, subject to the conditions set forth herein, Final Plans of a Minor Subdivision for certain premises located on Bauman and Swamp Roads, identified as Tax Map Parcel No. 23-5-151 (the “Property”). The legal owners of the Property are Sharon and Ronald Ewashko. The developer of the Property is Alyssa Whitebread (“Developer”). The Final Plans of the Minor Subdivision of the Property were prepared by Mease Engineering, P.C. and consist of two (2) sheets, dated August 20, 2018 (the “Plans”). The Plans propose the creation of two (2) lots on the Property. There is no construction proposed at this time. The Plans were approved subject to the following conditions which were accepted at the September 4, 2018, Board of Supervisors meeting:

- 1. Prior to the recording of the Record Plans, Developer will address all outstanding engineer comments contained in the review of Andersen Engineering Associates, Inc. dated September 20, 2018 and all subsequent review letters, to the satisfaction of the Township Engineer.*

2. *The Board of Supervisors approved a waiver from the following provisions of the Milford Township Subdivision and Land Development Ordinance ("SALDO"):*

a. *Sections 505, 516b and 519, requiring road widening, curbs and sidewalks for and along Bauman and Swamp Roads;*

b. *Section 604d. Requiring improvements to existing streets, except that all trees and brush shall be removed from the area between the edges of the pavement and the ultimate right-of-way lines of Bauman and Swamp Roads;*

c. *Sections 608 and 609 requiring curbs and sidewalks to be installed along existing streets;*

d. *Section 520a, requiring street trees along the frontage of the Property;*

e. *Section 701.c., requiring a map showing the location of the proposed subdivision within its neighborhood context at a scale of not less than 100'; and*

f. *Section 701.e., requiring an existing resources and site analysis plan.*

4. *Prior to the Recording of the Record Plans, Developer shall execute Deeds of Dedication, in a form prepared by the Township Solicitor, dedicating to Milford Township the areas along Bauman and Swamp Road frontages of the Property within the ultimate rights-of-way. At the time of the recording of the Record Plans, said conveyances shall be made free and clear of all mortgages, liens or other encumbrances such that title is marketable and insurable by a reputable title insurance company at ordinary rates. Additionally, at the time the Deed is recorded, Developer shall provide satisfactory evidence that the said property continues to be free and clear of mortgages, liens and encumbrances. The Deeds shall be recorded prior to or simultaneously with the recording of the Record Plans.*

5. *Prior to the recording of the record Plans, the Developer shall execute a Declaration of Covenants, Conditions, Easements and Restrictions, in a form prepared by the Township Solicitor and delineated in a manner deemed acceptable by the Township Engineer, imposing upon the Declarant, her heirs, successor and assigns, the obligation to maintain reserve septic system areas as depicted on the plans, such that the areas depicted remain unimproved and undisturbed.*

The Declaration shall contain such other terms and provisions as are deemed necessary by the Board of Supervisors to give effect to the Declaration including provisions to permit the Township, the right to enter onto the Property to fulfill the owner's obligations if the same are not met by the owner and that the Township shall have a municipal lien on the Property in the event costs are incurred by the Township for the performance of the obligations as provided in the Declaration of the owner of the Property and the same remains unpaid after notice to the owner to pay same. The Declaration shall be recorded simultaneously with the recording of the Record Plan.

6. *In lieu of providing roadway widening, curbs and sidewalks, Developer shall contribute to the Township the sum of one thousand, five hundred (\$1,500.00) dollars per new lot, which shall be contributed before the issuance of the building permit for Lot 2. The total amount of the contribution shall be one thousand, five hundred (\$1,500.00) dollars.*

7. *In lieu of performing a Transportation Impact Study, the Developer shall contribute to the Township the sum of one thousand eight hundred and fifty (\$1,850.00) dollars per new lot, which shall be contributed before the issuance of the building permit. The total amount of the contribution shall be one thousand eight hundred and fifty (\$1,850.00) dollars.*

8. *Prior to the recording of the Record Plans, Developer will provide the Township with the following:*

a. *Satisfactory evidence that the Department of Environmental Protection has approved the sewage facilities planning modules for the Property; and*

b. Satisfactory evidence that SALDO required concrete monuments were installed or adequate financial security to assure their installation shall be deposited with the Township and an escrow agreement executed to assure their installation by a date certain.

9. Prior to the issuance of a building permit, Developer will provide the Township with satisfactory evidence from the Bucks County Conservation District (the "BCCD") approving the Plans for all areas within its jurisdiction, including without limitation the proposed temporary erosion and sedimentation control measures to be used during construction. The Plans shall be revised to include any requirements of the BCCD to the satisfaction of the Board of Supervisors and the Township Engineer.

10. Prior to the issuance of a Use and Occupancy Permit for Lot 2, Developer shall remove and properly dispose of all existing trash, rubbish and refuse that is currently located on Lot 2.

11. Prior to the issuance of a building permit, Developer shall construct and/or install drainage improvements in the area of the existing driveway for Lot 1 to the satisfaction of the Milford Township Public Works Director and the Township Engineer.

12. All utilities extended to the lots in this subdivision whether within a public right-of-way or across the property shall be extended underground.

13. Prior to the recording of the Record Plans, Developer will pay all costs incurred by the Township in the review of this application including engineering, legal and administrative costs.

14. At the time record Plans are submitted, Developer will submit seven (7) paper copies of the Record Plans, all fully executed by the appropriate entities in **BLACK INK**. The Owner's Block and Notary Acknowledgement shall show the correct owner(s) of record and that the Notary Public signs and seals (both stamp and embossed) on copies of the Plans. All signature blocks shall appear in the same location on each page-requiring signature. In addition, Developer will provide the information contained on the Plans in digital format. The Township Engineer shall review the complete set of Plans and stamp them as construction sets, certifying that they have met the conditions for approval.

Failure to appeal the conditions imposed by the Board of Supervisors within thirty (30) days of the date of this letter shall constitute acceptance of the conditions. Non-acceptance and/or non-compliance

with the conditions recited above voids the Plan approval and the waivers granted by the Board of Supervisors and the Plan is denied due to the deficiencies noted in the Township Engineer's review of September 20, 2018.

Mackenzie TMP 23-001-017 Titlow Road– requesting reduction of the Letter Of Credit (LOC) and approval of time extension to 10/2/19. Mr. Mansfield made a **MOTION** reducing the LOC from \$21,808.72 to \$9,707.00 and granting a time extension until 10/2/19, seconded by Mr. Courduff and passed.

Escrow Release

Mr. Mansfield made a **MOTION** to approve **Resolution 2018- 30** the release of \$5,000 for storm water inspection, which was performed at 1556 Fels Road by Nate Cordero, seconded by Mr. Strunk and passed.

Public Comments

Paula Luftus 2561 Mill Road discussed a water issue regarding a newly constructed house on adjacent property. The Engineer and Code Enforcement Officer will review the situation.

Mr. Flack resident on Mill Hill Road asked the board when would the closure of Mill Hill be complete. The board could not give him an answer.

Adjournment: Mr. Mansfield adjourned the October 2, 2018 regular meeting at 8:53 p.m.

**Milford Township Board of Supervisors
Minutes of November 7, 2018 Regular Meeting**

Call to Order: Acting Chairman Charles Strunk called the meeting to order at 7:00 p.m. at the Milford Township Municipal Building

Supervisors Present: Charles Strunk, Vice-Chairman; Thomas Courduff, Supervisor

Attendance: Jeff Vey Township Manager, Marilyn Stecker Secretary Treasurer, Public Works Director Dave Winkler Solicitor Scott McNair, Engineer Pete Andersen and Audience: 26.

Approval of Minutes of Previous Meeting

Mr. Strunk made a **MOTION** to approve the minutes from October 2, 2018. The motion was seconded by Mr. Courduff and passed.

Approval of Treasurer's Report and Invoices for Payment

Having reviewed the invoice list Mr. Strunk made a **MOTION** to approve invoices for payment and the Treasurer's report. The motion was seconded by Mr. Courduff and passed.

Announcements

Milford Township Zoning Hearing Board will meet on **Tuesday, November 13th, 2018** in the township building (2100 Krammes Rd.) to consider the following:

Continuation of **Richardson** from Previous meeting

Application of **Jeffrey Palen** for a Variance under section 503 or 404B to install a patio within rear setback at 43 feet where 50 feet is allowed.

Located at 1881 Streamview Way. TMP# 23-010-200 in the RD Zoning district

Application of **Peter Lewis** for a Variance from section 404 H2 to build a shed 17 feet within side setback at 17 feet where 30 feet is permitted. Located at 2555 Allentown Rd. TMP# 23-005-043-004 in the RA Zoning district

Reports

Code Enforcement Report

In Sept. 2018, 14 permits were issued, 14 U&O, 1 Fire Inspections & 2 Zoning Hearings

Public Works Report

The public works department finished the Park View drive project. PK Moyer put down 658 tons BCBC and 353 tons of ID-2 wearing. Sleepy Hollow Road was overlaid from Geryville Pk to Miller Rd using a total of 1260 tons of ID -2 wearing. We had double yellow lines painted on Sleepy Hollow and Fels roads after paving was completed. We removed a large number of dead ash trees on Mill Rd through the park and are in the process of installing salt spreaders and preparing for winter operations.

There was general discussion about the need to address the condition of Wieand Road including drainage (easement needed) and the “S” turn (right-of-way needed). The road can be approached in three sections.

Milford Township Area Sewer Authority

Joe Valentine stated that last month, there were no new connections and operations continued with no problems. Flows were higher due to high rainfall.

Milford Township Fire Company

Fire Chief Keith Butler, reported on last month’s assists in the township.

Managers Report

PA Turnpike Commission (PTC)

Easement to Enable Dynamic Message Sign – the PTC has offered \$500 in lieu of condemnation for an easement on township property adjacent to the turnpike on the southeast corner of 663 and the turnpike. The easement would allow extension of existing electric from poles on the township property to a new pole in the PennDOT right-of-way at the location of a proposed Dynamic Messaging Sign. The sign will be used to inform motorists of changing conditions as construction proceeds on the

turnpike widening project. The sign will be removed or relocated as determined with the design of the reconfiguration of the interchange.

Mr. Couduff made a **MOTION** that Milford Township accept the offer and authorize Jeffrey Vey to sign all necessary document to effect the same. Mr. Strunk seconded the motion noting that the sign should be removed when no longer needed. The motion passed.

Doerr Road Closure – Mr. Vey related information he received from the PTC responding to the township’s concern raised on behalf of nearby residents. The PTC is addressing the township concern regarding a second means of access to the neighborhood for emergency purposes and has assigned their consulting engineer the task of designing an access. This design will be discussed at the December 4 Supervisors’ meeting. The Supervisors directed staff to send a notice including responses previously approved in October to immediately affected residents.

The board approved the following letter to be sent to Doerr Road residents after ascertaining that the PA Turnpike Commission is willing to cooperate regarding emergency access.

The Milford Township Board of Supervisors, along with many of you who attended, heard the request of the Pennsylvania Turnpike Commission (PTC) to close the northern portion of Doerr Road necessitated by extensive adjacent wetlands to the west.

Emergency Access

The effect of road closure on emergency access was considered. The first due responder is Trumbauersville Fire Company. The emergency response is from the south and would not be affected by closing the northern access. The subsequent response is Milford Township Fire Company from Station 75 at Kumry Rd and Rt. 663. Their response uses Canary Rd to Doerr Rd from the south and would not be affected by closing the northern access.

*The main concern of this Board is that there would be a single means of access that could be blocked during severe weather events such as Hurricane Sandy. The PTC is exploring the possibility of attaining emergency access directly from the turnpike that would enable emergency vehicles to respond to your neighborhood. **The PTC will be addressing this concern at the December 4, 2018 meeting.***

Property Valuation

Concern was expressed that the widening of the turnpike would have a negative effect on property values and the PTC was asked if property owners would be compensated. All property value matters must be handled directly by the PTC using standard procedures that can not be changed by the township.

Sound Barriers

The installation of sound barriers is governed by uniform standards that must be used along the entirety of the turnpike-widening project. It does not appear that sound barriers can be warranted under this procedure. The township is seeking to obtain planting easements to enable the township to plant evergreen trees to help mitigate the existing and future sound.

Water Quality

The effect of the widening on ground water quality was discussed pointing to salt used during winter operations as is used by all road departments in this area. The township is considering finding three cooperative landowners with wells closest to the turnpike to test water quality and establish a baseline to the north, central and southern areas. Testing would be done before and during construction then annually for a period of at least three years at which time results will determine if action is needed or testing by the township should be continued.

Pierson Construction Temporary Asphalt Plant

Mr. Vey reported that he met with Mr. Rob Baccala, Pierson Construction, to review plans for an Asphalt Plant on PTC turnpike property adjacent to the toll booths. Mr. Baccala was shown, in the field, concerns related to accessing the site by truck as well as a concern regarding stormwater discharge to the southwestern corner of Progress Drive and AM Drive.

The main concern is the impact of trucks making turning movements on Rt. 663. It was agreed that Pierson and Milford would ask the PTC if their property on the southeast corner of the turnpike and Rt. 663 could be made available as a better alternative to accommodating the asphalt plant

W-4 Holdings – Act 537 Component I Approval

Mr. Vey explained that the W-4 Holdings two lot subdivision of 29 acres on Upper Ridge Road had previously been approved. The processing of DEP approval requires specific formal action to approve the proposed on-lot septic systems that are shown and that include tested, back-up sites in case of primary system failure.

Mr. Courduff made a **MOTION** to approve **Resolution 2018- 31** for the **W-4 Holdings – Act 537 Component I Approval**, seconded by Mr. Strunk and passed.

Mill Road Stormwater Issue

Mr. Cordero was asked for an update. He reported that the system appeared to be draining without significant impact to the Novak property. Mr. Andersen stated that the problem appeared to be created by the builder opening the valve entirely and dumping all of the water in the infiltration basin at once. He believes that if the valve is left slightly open and untouched, it will serve its purpose of fully draining the infiltration basin to eliminate mosquito breeding areas while allowing infiltration when the basin is not overwhelmed by heavy rainfall.

No Parking Ordinance

Action on the proposed ordinance is tabled until the December 4th meeting.

Vacation of Mill Hill Road

Action on the proposed ordinance is tabled until the December 4th meeting.

Escrow Release

Mr. Courduff made a **MOTION** to approve **Resolution 2018- 32** for the release of \$1,717,223.02 for St. Luke's Rt. 663 improvements since the financial security has been replaced by a Letter of Credit issued to PennDOT, seconded by Mr. Strunk and passed.

Public Comments

2019 Preliminary Budget

Mr. Vey presented a draft budget. Milford Township's 2019 budget provides for all on-going governmental operations plus numerous public works projects without any tax increase.

The 2019 budget includes a number of funds.

\$2,797,208 General Fund,
\$448,271 State Fund,
\$220,000 Capital Fund,
\$506,000 Traffic Fund
\$175,000 Recreation Fund
\$4,781,410 Open Space Fund

This is a balanced budget where General Fund expenses do not exceed revenues. Taxes will not be raised. The current local income tax rate for Milford Township is 1.75%. Of that, 1% goes to the Quakertown Community School District, and .75% is used by Milford Township (0.5% General Fund, 0.25% Open Space). The current real estate millage rate for Milford Township is 2 mills (1.25 mills is distributed as Fire Tax to the fire companies plus additional fire contributions are made from the General Fund and Fire Relief Funds are distributed to the companies). Expenses do not exceed revenue sources and adequate reserve balances are projected.

Milford Township is continuing an aggressive capital program including reconstruction of AM Drive from 663 to Progress Drive, paving overlay of Weiss Rd from 663 to Progress Drive, paving overlay of Progress Drive, paving overlay of AM Drive from Progress Drive to the ending cul-de-sac, extension of Sleepy Hollow storm sewer from the basin to Klines Mill Road, extension of the Sleepy Hollow Road storm basin. Provisions are also made, pending grant approvals, to reconstruct Buck Road, replace, Weiss Road bridge and complete design for the Rosenberger Road Bridge.

Improvements are planned for Milford's Park System. Playground equipment will be installed in the Unami Park. Plans for expanded parking and a Splash Pad will be advanced. The lower Molasses Creek trail will be paved.

Rotation of equipment will be continued with the replacement of a pick-up truck with plow, replacement of a mini-excavator and acquisition of a Ventrac mower. Buildings will be maintained with additional provisions to put siding on a storage barn, do dam repairs in response to state inspections and do routine repairs and maintenance.

The Board reviewed the draft budget in detail. Mr. Courduff made a **MOTION** to approve **2019 Preliminary Budget** and to direct staff to advertise its availability for review before final adoption in December, seconded by Mr. Strunk and passed.

Adjournment: Mr. Strunk adjourned the November 7, 2018 regular meeting at 9:53 p.m.

Pennsylvania Turnpike Commission

Representatives for the turnpike widening project addressed the board. Kevin Scheurich, Marc Bonner seeking approval to enter in an agreement to vacate a section of Doerr Road. Discussion Sound Barriers – the study showed that in this area the use of sound barriers is not warranted. Plantings of evergreens along this section will help mitigate the existing and future sound. Water quality was discussed, provide parameters of water quality testing to residents where the wells are impacted. Blasting – The project follows DEP & OSHA guidelines. Mr. Strunk made a **MOTION** authorizing Mr. Vey to develop an agreement to vacate section of Doerr Rd seconded by Mr. Courduff and passed.

Conditional Use Hearing

MokN Partnership 2100 Quaker Pointe Road to modify an office use to a medical (dentist) office. Mr. McNair opened the hearing –Allana Small from Maxillofacial Surgical Associates addressed the Board with the intentions of the business. Mr. McNair will draft the conditions of approval to be presented at the January meeting.

Reports:

Code Enforcement Officer – In November – 11 permits were issued, 6 U&O's and 13 Fire Inspections.

Public Works Report

The Public Works department began the month installing the new playground equipment in Unami Creek Park. They were out cleaning ditches where there were problems with water laying on the roadways. The road crew put up snowplows stakes throughout the township. On Mill Hill Road we installed 160' of 15" pipe and one inlet were we had 2 small diameter

pipes that kept clogging and leaving storm water on the roadway. They were out 2 times salting and 2 times plowing this month.

Agricultural Security Area

Discussions AG DAZE will be September 7, 2019 in Molasses Creek Park from 11:00 am to 4:00 pm and the park has been reserved for the event. Mr. Roth led a discussion on inventory, type of soils, slopes and riparian corridors related to the agricultural lands owned by the township. Mr. Longacre reviewed a number of issues related to the leasing of agricultural lands in Milford, after lengthy discussion it was agreed the Mr. Weisel and Mr. Longacre, the Leasing Committee will continue to work with Mr. Roth on inventory, crop rotation, existing users, etc. Mr. Roth provided an update of the progress of the timber situation on Township lands. Noting that distressed trees in the Mill Rd/Unami Park area have been removed. Also he continued with an update of the Spotted Lanternfly and Emerald Ash Borer.

Milford Township Area Sewer Authority

Mr. Vey provided the monthly update for the Sewer Authority- there were no new connections and operations continued with no problems.

Milford Township Fire Company

Fire Chief Keith Butler, reported on last month's assists in the township.

ORDINANCE # 171

AN ORDINANCE ESTABLISHING A NO PARKING ZONE ON ALL STREETS WITHIN THE TOWNSHIP OF MILFORD WHERE THE TRAVEL LANE ADJACENT TO THE EDGE OF ROADWAY IS LESS THAN EIGHTEEN (18) FEET WIDE AND PROVIDING PENALTIES FOR THE VIOLATION OF THE ORDINANCE

WHEREAS, Title 67 of the Pennsylvania Code at Section 212.114 provides that parking may be restricted along the curb or edge of a roadway where the distance between the center of roadway and the curb or edge of the roadway is less than eighteen (18) feet wide; and

WHEREAS, the Township Roadmaster has determined that the travel lane of all roadways within the Township is less than eighteen (18) feet wide excepting only; [Roads in developments where cartway is 36' or more]

NOW, THEREFORE, BE IT ENACTED AND ORDAINED by the Board of Supervisors of Milford Township as follows:

Section 1. It shall be unlawful, for any person, firm, partnership or corporation, whether principal or agent, to violate or fail to comply with the following regulations pertaining to the parking of motor vehicles or other vehicles on the following described areas in the Township of Milford.

Section 2. There shall be no parking of any vehicles on the following areas in the Township of Milford and the same shall be established as a "No Parking Zone":

Along the curb or edge of all roadways within the Township where the distance between the center of the roadway

to the curb or edge of the roadway is less than eighteen (18) feet wide.

Section 3. "No Parking" signs shall be erected along roadways covered by this Ordinance. The Board of Supervisors shall by Resolution direct the installation of said signs on the roads designated in the Resolution. All signs shall be installed in accordance with the relevant provisions of the Pennsylvania Department of Transportation Code. No person shall be charged with any violation of this Ordinance unless the roadway along which the violation is alleged to have occurred shall have been first posted with "No Parking" signs in accordance with this Section.

Section 4. All persons, firms, partnerships or corporations parking vehicles in violation of this Ordinance in an established "No Parking Zone", shall upon conviction before a District Justice, be sentenced to a fine of not less than Ten Dollars (\$10.00) nor more than One Hundred Dollars (\$100.00) and costs of prosecution for each offense, and, in default of payment of such fine and costs of prosecution, shall undergo imprisonment in the Bucks County Prison for a period not exceeding five (5) days.

Section 5. The Township of Milford, through its Supervisors, agents and representatives, shall have the right to tow and remove any violating motor

vehicles from the prohibited parking areas with the cost of the towing and removing being sustained and paid for by the owner or owners of such motor vehicles.

Section 6. The Township of Milford, through its Manager and Code Enforcement Officer shall have the power and right to issue tickets to operators of motor vehicles who violate the provisions of this Part.

Section 7. Any Ordinances of the Township of Milford which are inconsistent with this Ordinance are hereby repealed.
This shall take effect five (5) days after the date of enactment.

Mr, Courduff made a **MOTION** to approve Ordinance 171 seconded by Mr. Strunk and passed.

Ordinance vacating a portion of Mill Hill Road- Tabled to next month

Escrow Releases:
