**RE: Milford Township  
Consulting Engineer**

**Dear John:**

Pennoni greatly values our relationship with Milford Township, and we look forward to continuing our service as your Township Engineer.

Please find our proposed Hourly Rate Structure as of January 1, 2026. The proposed increases are necessary due to continued inflationary conditions and salary pressures to retain our experienced and talented staff to ensure continued high-quality service to the Township. With continued inflation, the cost to retain skilled professionals have continued to increase the past twelve (12) months. We will continue to assign the most appropriate level staff competent to perform the work effort requested.

We appreciate the opportunity to serve as the Township Engineer in the past and trust we can continue to serve you in 2026.

If you would like to discuss or require further information, please do not hesitate to contact me.

Sincerely,

**PENNONI ASSOCIATES INC.**

**RE: Timoney Knox Fee Agreement**

Dear Jeff,

I am providing this letter as an update to the terms of my representation as Solicitor to Milford Township. It's been a pleasure to represent Milford Township. The Rules of Professional Conduct require that we tell you our hourly rates, so I am sending this official request for a small increase over my current hourly rate of \$185 per hour.

1. The discounted hourly rate for Milford Township is \$190.00, which is a small increase over 2025 but much less than my normal hourly rate. All services will be billed at the discounted hourly rate of \$190.00. My normal hourly rate is \$465.00, but we do recognize that municipal law has an element of public service to it and discount our rates substantially. The usual hourly rates of other lawyers at Timoney Knox range from \$300.00 to \$650.00 per hour. The usual hourly rate for paralegals is \$280.00 per hour. The rates are subject to change from time to time. We reserve the right to terminate representation for failure to receive payment for invoices in a timely manner. The term "services" includes such items as advice, negotiating sessions, the review of documents, the preparation of documents, revision and editing of documents, meetings and conferences with you, investigation, court appearances, trial, and related activities.

2. It is the firm's practice to bill most matters on a monthly basis. With monthly billing, you will be able to have a better budget for your legal costs. It will also help to avoid misunderstandings between us since you will be receiving our statements while the work is still fresh in your mind, and the developer escrow accounts still exist. I generally submit an invoice for each matter the

firm handles for a client in which I state the value of the time spent and describe the work performed. Payment of invoices is expected within thirty (30) days of the invoice date and Timoney Knox, LLP reserves the right to charge interest on any bill outstanding more than sixty (60) days from the invoice date and to cease work on your behalf if payment is not received within ninety (90) days of the invoice date.

RE: Proposal for Professional Traffic Engineering Services for 2026

Dear Jeff,

I am pleased to submit this proposal for professional traffic engineering services to Milford Township for the 2026 calendar year. It has been a privilege to serve the Township, and I would be honored to continue in the role of appointed Traffic Engineer, providing consistent, responsive, and high-quality service.

SAFE's proposed 2026 billing rates for Milford Township reflect an approximate 5% increase from 2025, consistent with rising operational and labor costs:

Principal Engineer (Joe Fiocco)	\$150.00 per hour
Project Manager (Marie Pantalone)	\$130.00 per hour
Senior Traffic Engineer (Larry Bucci)	\$122.00 per hour
Data Collection Staff	\$45.00 per hour

Attached are resumes for myself, Joe Fiocco, and Larry Bucci, who are expected to handle the majority of traffic engineering assignments for the Township in 2026. Thank you for your continued confidence in our team. Please feel free to contact me with any questions or to discuss this proposal further.

Sincerely,

Marie Pantalone, P.E, PTOE
